

Product data sheet

IQ lock C

Mechanical contact lock with feedback contacts for single leaf doors

Product features

Mechanical self-locking ensures automatic crossbar projection every time the door is closed
Panic function which opens (even locked) emergency exits in the direction of escape
Divided cross latch prevents the bolt blocking even under sideload
Integrated feedback contacts make complete monitoring of the door possible
Optional sabotage monitoring or cylinder contact
Activation of emergency exits secured by emergency exit systems possible without key switch
Small rear backset and small dimensions of the lock case

Application Areas

Double leaf emergency exit and panic doors (left hand and right hand door)
Doors along escape and rescue routes
Fire and smoke protection doors

Product Data Table

Product features	IQ lock C
DIN direction	left / right
Temperature range	-10 °C - 50 °C
Panic function / mechanical self-locking	Yes
Divided cross latch (3 mm gap between latch and bolt)	Yes
Feedback contacts for lock states	Yes
Optional sabotage monitoring or cylinder contact	Yes
Contact rating	30 V / 500 mA
Resistant to forcing	10000 N
Connection cable length	10 m
