

# Product data sheet

## GC 171

Wireless module for wireless connection of wireless components to GEZE hold-open systems

### Product features

---

No cable connection needed between lintel-mounted detector and ceiling-mounted detector or manual trigger switch

---

Simple coupling of the wireless components

---

Connection of up to six wireless devices

---

Mixed installation (wireless/wired) possible

---

Low servicing costs due to long battery life of five years

---

### Application Areas

---

Installation in listed buildings without structural changes (cable routing)

---

Retro-fitting or extension of existing systems

---
