

# Product data sheet

## GC 175

Wireless input module for wireless connection of manual trigger switches to the GC 171 wireless module

### Product features

---

- Wireless connection of a manual trigger switch to the GC 171 wireless module
- Wireless connection of a potential-free contact (e.g. fire alarm system) to the GC 171 wireless module
- Simple coupling with the GC 171 wireless module
- Low servicing costs due to long battery life of five years

### Application Areas

---

- Installation in listed buildings without structural changes (cable routing)
- Retro-fitting or extension of existing systems

### Product Data Table
